RESPONSE TO EXAMINER'S AMENDMENT UNDER 37 CFR 1.312

Honorable Commissioner:

In response to the Supplemental Examiner's amendment mailed June 22, 2005, Applicant hereby requests the following amendments be made to the application.

On March 29, 2005 the Examiner issued a Notice of Allowance and Issue Fee Due. The Notice of Allowance included Examiner's Amendments and a requirement for submission of formal drawing. Applicant paid the issue fee on April 11, 2005 and complied with the requirement for formal drawings on April 14, 2005. On June 22, 2005, the Examiner issued a Supplemental Notice of Allowability and made further Examiner's Amendments, which create further errors in other portions of the Application. Specifically, by amending Figure 3 to comprise Figures 3A, 3B, 3C, and 3D, references within the specification to Figure 3 are now incorrect.

While 37 CFR 1.312 requires that all amendments must be made before the payment of the issue fee, Applicant hereby requests the Commissioner to waive 37 CFR 1.312 because the issue fee was paid before receipt of the Examiner's second set of Examiner's Amendments.

Applicant also submits drawings corrected in compliance with the Examiner's Amendment herewith.
